

Volunteer Position Announcement (unpaid)

Chair of the Washington Committee for Employer Support of the Guard and Reserve

Time Required

Generally, 5 to 20 hours per month are expected. The Chair is expected to attend at least three, in person, Executive Committee Meetings per year, and occasional overnight travel. (Travel is reimbursed.)

General Purpose

The WA ESGR is a Department of Defense sponsored all-volunteer organization consisting of business, community, and military leaders dedicated to helping our nation field a strong, prepared, and valued National Guard and Reserve force. We are seeking a proven leader who wants to help service members and employers. Military experience is a plus, but is not required.

Specific Responsibilities

Chairs are responsible for all aspects of State ESGR operations. Chairs Organize, lead, direct, supervise, and motivate ESGR members with various backgrounds, abilities and interests. Chairs must have excellent leadership and communication skills. Chairs frequently address influential people, or groups of influential people, including governors, general officers, federal, state, and local officials, legislators, mayors, CEOs, business and industry leaders, Chambers of Commerce, and civic groups. Chairs develop and execute the State's Annual Spending Plan and budget.

How to apply

Interested candidates should send a résumé and a letter indicating why you are seeking to become the WA ESGR State Chair to Kathi Wilcox (253) 512-8468 kathleen.i.wilcox.ctr@mail.mil. You may also mail your letter and resume to; ESGR, Building 3, Camp Murray, WA 98430-5000.

About WA ESGR

The WA ESGR is a Department of Defense sponsored all-volunteer organization consisting of business, community, and military leaders dedicated to helping our nation field a strong, prepared, and valued National Guard and Reserve force. We have established network of over 90 volunteers and three paid staff members to assist in administering the program. We have an office at Camp Murray and we have computers, printers, and other support equipment. The successful candidate will be provided training at the National ESGR Headquarters in Arlington, VA.
